Addendum Advice

Following the non-mandatory briefing session held from 10am on Tuesday 1 September 2026, Department of Communities can provide the below clarifications and information which is in addition to the advertised Grant Program Guidelines:

Consortia / Partnership Clarification

An eligible lead organisation is only able to submit one application from their legal entity up to a maximum value of \$2 million. However, organisations can partners or be a consortia member on multiple applications, as long as those applications are submitted by different lead agencies.

A consortia could comprise of multiple lead agencies, who all submit a separate application requesting up to \$2 million for distinct initiatives that collectively contribute to a broader consortium approach. However, each individual applicant would need to be capable of delivering their proposed services should other proposed consortia members not be recommended for funding.

Amendment to Page 12 of the Grant Program Guidelines: Items not eligible for Grant expenditure

Please note, Department of Communities has amended dot point 14 as below:

- projects that duplicate an existing or similar project or service within the community (projects that build upon an existing program or to expand a program to include other priority groups or locations **will be considered**)

Maximum Funding Clarification

Please note, eligible organisations can submit **one application only** for up to a **maximum of \$2 million (exc. GST)**. The application/project proposal can have single or multiple initiatives within a project, however, the application value cannot exceed \$2 million total value.

Additionally, presentation slides from the non-mandatory briefing session have already been uploaded into SmartyGrants.
